have encouraged to develop this kind of criminal attitude of the students. I want that the Government should hold an enquiry by appointing an independent officer.

SRI H. M CHANNABASAPPA.—The hon'ble Member has been misled and I refute the argument that the Government have suppressed information. Government have no reason to suppress such information. There is no purpose also in this. I have also received letter from one of the parents of the student that nothing of that kind has taken place.

SRI B. B. SAYANAK.— Three students from Miraj studying in J. N. Medical College have been ragged by some senior students of the College and those boys have taken shelter in of their relatives house at Belgaum and after that the parents of the students have approached the Superintendent of Belgaum and the Principal of the College. The S. P. has admitted before me that the students have been tortured and ragged. Therefore, why the Government is suppressing the information?

SRI H. M. CHANNABASAPPA.— What is the purpose in suppressing information. I am very sorry that you are mis-informed. After all there is the responsibility on Government to safeguard the public interest. Who ever it may be, Government does not make any difference between a man and man and we have a duty to perform. We do it in all earnestness. I have a letter from one of the parents of the student from Miraj who states that nothing of that kind has taken place. So, it is not correct to say that such things have happended. I don't want that this kind of things should flare up in a city like Belgaum.

SRI B. B. SAYANAK.— The Superintendent of Police Mr. Burman has informed me about this matter and stated that there was ragging in the College. Then why the Government is denying?

SRI H. M. CHANNABASAPPA.— I don't know what the Superintendent of Police told him. But my information is that even from the parents of the boys, I was informed that no such incidents took place.

SRI B. B. SAYANAK.— I am very sorry to say that the Marathi students in J. N. Medical College are not safe there. This is the attitude of the College. We must protest such things and in protest we stage a walk out.

(Both Sri N. B. Sirdesai and B. B. Sayanak staged a walk out)

SRI H. M. CHANNABASAPPA.— It is left to the hon. Members.

MADAM SPEAKER — Next Calling Attention by Sri U T Fareed. But, it seems the hon'ble Minister wants some more information.
